## **GROCERY DELIVERY SAFETY PROTOCOLS**

The health and safety of our employees and customers is our top priority. No employee shall be permitted to work if they are feeling unwell, or have been exposed to someone who is ill. Contactless temperature and wellness checks will be performed at the beginning of each shift.

All employees, including drivers, will be provided with masks and gloves which must be worn throughout the shift and changed regularly. Sanitation protocols, including regular hand washing, and cleaning of the packing area and delivery vehicles, will be enforced.

Employees will practice physical distancing, and the number of employees permitted to work in an area will be limited.

Our drivers will follow strict contactless delivery protocols. All boxes will be secured with packing tape. Our drivers will leave boxes at the door or in the lobby, unless they need to check ID for alcohol purchases. IDs will be reviewed without contact.
